

DESIGN REQUEST FORM: FUME EXHAUST

CONTROL HIRE VENTILATION & MECHANICAL ENGINEERING DEPARTMENT

GENERAL DETAILS

Company/Organisation

Contact Name

Contact Number

Contact Email

Site Address

Start Date

Expected Duration

CONTROL HIRE - INTERNAL USE ONLY

Engine Power (kW)

Engine Operating Conditions

Idle/Light Throttle

Medium Load

Full Load

Machine Exhaust Pipe Diameter (mm)

Ambient Room Temperature (°C)

Fan or Scrubber Exhaust Air Location

Indoors (filtration required)

Outdoors (filtration optional)

INSTALLATION MEASUREMENTS

What length pipe is required between the fan and the machine?

5m

10m

15m

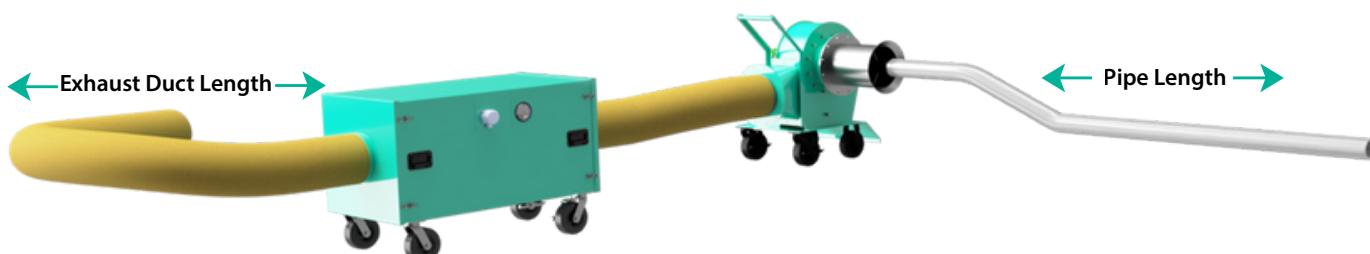

What length duct is required to reach the room exit point?

5m

10m

15m

20m+
