## CLEANROOM Chair

In sterile rooms, hygiene is an absolute must in order to ensure optimum working conditions. Cleanroom furniture is thus expected to meet very specific criteria. Cleanroom chairs from Bimos are developed in close cooperation with representatives from industry and research.

Design  
Manufacture  
Create

All cleanroom chairs comprise sealed upholstery with back-foaming technology, enclosed mechanisms, as well as smooth, closed surfaces. All the materials used in making the cleanroom chairs are electrostatically conductive, making them the perfect choice for your cleanroom furnishings.
