

EONA

EONA is a modular table system manufactured from post-consumer recycled materials. Its outstanding environmental credentials, combined with its sleek and timeless design, makes EONA ideal for conference and boardroom tables.

Design
Manufacture
Create

EONA promotes flexibility and diversity with legs that can be positioned at narrow or wide stances for small or large tables. Adjustments can be made both during and after installation, allowing the table frame to be reused for different future applications. EONA has been designed for 100% disassembly ready for recycling.

Top Horns

Additional Top Horns can be purchased to provide adequate worktop support on odd worktop splits. Top Horns available to suit standard and XL width EONA frames.

Dropdown Top Horns

Additional Dropdown Top Horns can be purchased to provide placement of powerboxes without frame interference. Standard and custom Dropdown Horns available.

Leg Stances

Stance of EONA legs can be installed at either narrow or wide stance at 3 angle options to suit odd worktop shapes and preferred leg clearances.

Options

- Round/Square
- Rectangle

Certifications

ISO 14001 Certified Factory GECA

Warranty

- 10 years

Lead Time

- 6 weeks

Frame Finishes

EONA uses 100% post-consumer recycled aluminium for legs and leg support inserts. EONA aluminium frame is available in our current season powdercoat colours listed. Custom colours are also available.
