## HERO Chair

Hero is a collection of heroes, automatically aligned for everyone. Heavy, light, big and small people. By and large, a universal talent for everyday heroes. It has invisible technology which is an integral feature of the chair.

Design  
Manufacture  
Create

Hero focuses on each owner individually, regulating its weight, as a result of its unique autofit-synchronous mechanism. From approx. 45-120 kg, everyone can fine-tune it how they want. From athletically hard to relaxingly soft, everyone's personal taste is catered for. As perceptive as Hero seems, it is present in its slim-line form. It looks agile and athletic with its slim-line figure.
