Back and Seat

Back and seat cushions are moulded polyurethane foam with ergonomic design, furnished with various colour of fabric. The polypropylene (PP) back cover with numbering is convenient for audience to locate their seat from behind.

Retractable writing tablet

The tablet can be retracted inside the side panel when not in use. The heavy duty die-cast aluminium structure provides the strength to support an A4 size tablet suitable for laptops, conference binders or others, Pencil and accessories slot specially designed for suit the needs of multitasking audiences.

Seat

Upholstered polyurethane seat with spring return mechanism hidden inside the seat cover. Injection Moulded Polypropylene(PP) seat cover with structural ribs for extra beauty and strength to the seat itself.
