

WALTER KNOLL

Andoo Chair

Minimal art: calm and clarity dominate the impression. The Andoo Chair is a modern archetype. Witness the radical meeting of leather and wood. A functional interplay of hard and soft materials: the leather is impressive; wood guarantees stability.

Design
Manufacture
Create

Depending on whether you look at the chair from the front, back or side, you will notice subtle differences of tiny details, depending on how the materials meet. The logic of minimalism reveals its true colours the longer you have it. The elastically sprung back and the pocket springs in the seat ensure the seating comfort of an armchair.

Model no.

- 1100

Frame

Solid wood

- Oak white pigmented (.10wo)
