

WALTER KNOLL

Bao Armchair

Spacious and round. It's the curves that make Bao Armchair appealing on first sight. An opulent sculpture with an artistic back. As is the case with a leather ball, the leather patchwork forms the back.

Design

Flowing lines – sweeping and elegant. The armchair combines the materials whilst keeping them distinct: classy saddle leather on the back, natural fabric for the seat. Bao – as familiar as a welcoming embrace. The swiveling armchair is available in all fabric and leather combinations, completely covered in fabric or leather.

The Bao Armchair Small

Voluptuous and round. Sweeping, elegant lines. Bao's curves are what make this armchair so instinctively appealing. Now we introduce a smaller Bao, skillfully reduced in volume to provide the same unique character, but with added flexibility. This new, more petite Bao Armchair Small takes up less space, and is destined for use in smaller rooms. Drawing the eye at first and second glance: the charm that Bao exudes is naturally transferred to its surroundings, as it blends in harmoniously with various settings. At home in many different places, this much-loved all-rounder is highly versatile, and lends character and charm to any room.

The patchwork design of the back of the armchair recalls a leather ball. The Bao Armchair Small can be upholstered in all fabrics and a variety of leathers, with the option to choose either a single material, or an elegant combination. The familiar swivel base remains, while the new Bao Armchair Small is also available with solid wood feet.

Bao – as cozy and familiar as a hug.
