(12m/0.66m) each.

## Magnetic Door System

## Work Desk

Designed ergonomically for working on laptop, phone booth, zoom calls.

## Sofa

Designed ergonomically for working on laptop, phone booth, zoom calls.

### Modern Applications

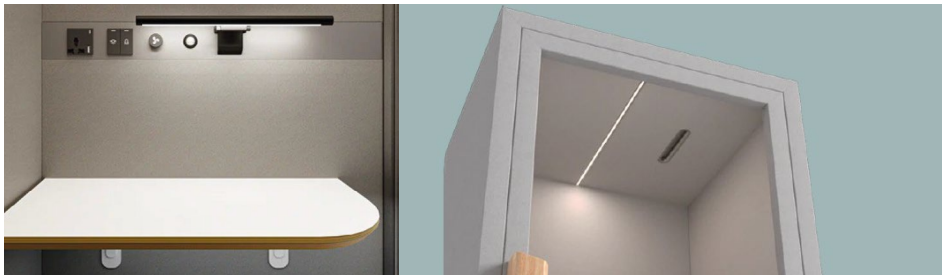

Lights, Power, Action! Within the Tuesday Pod sits a mini sofa, cushioned for comfort but primarily for support, complimented by an organically curved task desk. Equipped with a directional task lighting bar and singular UL/CE 220-240v power socket (UK or EU) with 2\* USB and 1\* USB-C will power the devices required. The PIR sensor will help save on power, automatically turning off after 5mins of not being occupied.

### Sound isolating double walls:

Our Pods maintain a Rw+Ctr 30db (+5 db) by utilizing a market leading double walled technology.

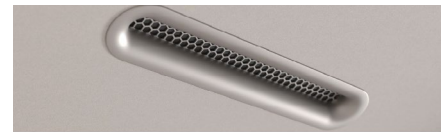

### Passive Lighting

Tuesday Pod also has non-directional main \*4000k (150Lx) Daylight LED lighting, offering a comfortable, well aired environment.

### Airflow Technology

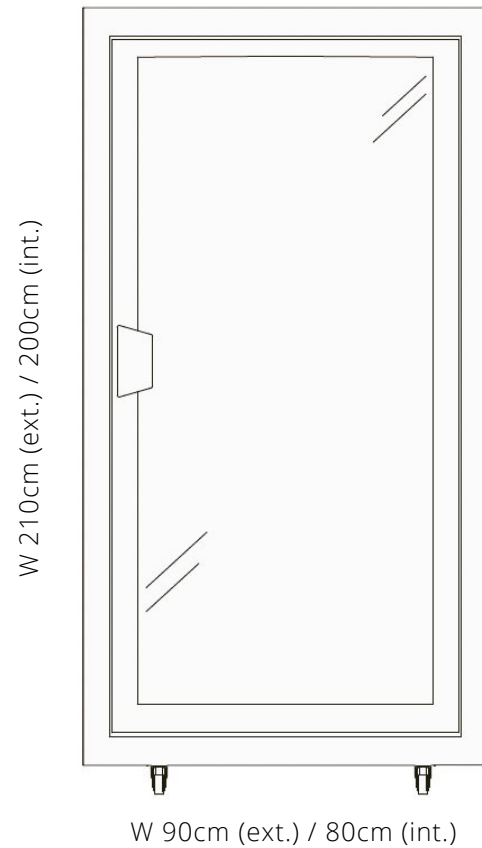

Replacing the air regularly within the Tuesday Pod helps the occupant feel fresh and comfortable and surrounds them with fresh oxygen every 2 minutes, promoting health and wellbeing.

### Flexible and Movable

Tuesday Pod can be moved in minutes; lower the levelling legs allowing the castors to take over and move where ever you want!

# Product Specifications

## Single

Capacity	1 Person
Internal Dimensions (mm)	H 200cm x W 100cm x D 80cm
External Dimensions (mm)	H 210cm x W 110cm x D 90cm
Power Usage	Equipped with a directional task lighting bar and singular UL/CE 220-240v power socket (UK or EU) with 2* USB and 1* USB-C will power the devices required
Weight	224kg (Pod+Furniture)
Sound/NIC rating	Leading the Sound Pod Industry STC 30 dB & RT0.25s NIC=25dB D/C500.76 STI A+
Airflow	78 m/hr. Refreshing air every two minutes guaranteeing excellent oxygen rates
Projected Area	0.99m <sup>2</sup>
Material	Carbon acoustic plate, PET acoustic plate, Polyester lacoustic fiber, Aluminum, Stainless steel, ABS plastic
Safety	Emergency Safety Hammer included for internal fitting
Fire Rated Foam	UK Fire foam where required
