

A modern lounge chair and ottoman in a contemporary setting. The chair is upholstered in a light brown leather with a distinctive piped quilting pattern. It has a black, sculptural base with a five-pointed star shape. The ottoman is also upholstered in the same leather and has a matching black base. The chair is positioned in a room with dark wood vertical slat walls, a bookshelf on the left, and a dark rug on the floor. A small, round, black metal side table is visible in the background.

Healey Lounge Chair

Mood piece. Healey Lounge is a modern lounge chair that supports the rituals of our technology driven lifestyle. The outer shell carries the soft upholstery – underlined by the distinctive piped quilting. A genuine tribute to the seats of legendary classic cars. Flowing lines trace the shape precisely. An elegant shell envelops the seat and armrests.
