SB 68 Bar Chair

Design
Manufacture
Create

Introduced to raise the inimitable form of the SE 68 Multipurpose Chair while expanding its applications, the SB 68 Bar Chair takes the model to new heights with its generously extended legs, elevating its range to provide the same unparalleled comfort when seated at counters and bars. With its signature moulded wood ergonomic seat and backrest, SB 68 caters to all culinary contexts, from leisurely breakfasts over the weekend paper to a late-night cocktail savoured at a favourite establishment. SB 68 can be customised with upholstery on request. Available in two heights.
