MONO Chair

MONO brings effortless style and comfort to any setting - from lively meeting spaces to relaxed breakout zones - always ready for a spontaneous conversation or a moment to unwind.

Design
Manufacture
Create

Made from a single piece in a sleek and timeless design, the MONO is a classic four-legged chair for communication spaces, meeting areas and breakout zones. But it's not just its varied colours that brings a new dynamic to seating arrangements. Its design is a skilled interplay of rigid surfaces and exquisite cross sections, which, along with the low use of material, allows for greater freedom of movement. The MONO embodies the connection between the dynamic history of chair design with the current era.
