

HOME BATTERY SYSTEMS

Unlock Energy Independence

with Helix 3 Energy's Home Battery Systems

Are you ready to harness the power of the sun and take control of your energy future?

Helix 3 Energy introduces its cutting-edge Solar Battery Systems, designed to maximise your home's use of clean solar energy while ensuring power reliability.

HOME BATTERY SYSTEMS

Unlock Energy Independence

with Helix 3 Energy's Home Battery Systems

WHY UPGRADE TO A SOLAR BATTERY?

Capture More Savings: Your solar panels generate energy throughout the day, often more than your home can immediately use. With a Helix 3 Energy Solar Battery, you can store that excess power and use it when your panels aren't producing, like at night or during peak demand times, saving you even more on energy bills.

Enhance Energy Security: Don't let grid outages disrupt your life. A solar battery ensures that your home stays powered even during blackouts, keeping your lights on and essential appliances running.

Maximise Your Solar ROI: Every kilowatt-hour of solar energy you store is one less kilowatt-hour you need to buy from the grid. But it doesn't stop there. With a Helix 3 Energy Solar Battery, you can also take advantage of lower electricity rates during off-peak daytime hours by storing cheap grid energy for later use. This dual approach ensures you get the most out of your solar investment, reduces your dependence on the grid, and shields you from rising energy costs.

Go Green, Even When the Sun Isn't Shining: A solar battery allows you to use clean, renewable energy even when the sun isn't shining. By upgrading, you reduce your carbon footprint and contribute to a more sustainable future.

CHOOSE THE RIGHT SOLAR BATTERY FOR YOUR HOME

5.12 kWh Solar Battery: Ideal for smaller households or those looking to supplement their grid usage. Compact and efficient, it's the perfect introduction to energy independence.

10.24 kWh Solar Battery: For larger homes or those with higher energy needs, this model provides extensive storage capacity, ensuring you have ample power throughout the day and night.
