Kurna Acknowledgement

Adelaide and its surrounds are nestled within the lands traditionally owned and protected by the Kurna people and their forebears for many thousands of years.

Throughout the Adelaide Plains, the Kurna people have performed age-old ceremonies of celebration, initiation and renewal.

In convening this meeting, we take the opportunity to acknowledge and honour the Kurna people's traditional ownership of this land, their living culture and the unique role they have played in the life of this region.

Objectives

- Anticipate the CALD concepts and meanings of culturally appropriate services
- Acquire CALD understandings about culturally appropriate care
- Apply evidence- and resource-based strategies to improve better practice CALD models of culturally appropriate care planning and provision
- Improve awareness and understandings of CQ, cultural competency, culturally appropriate care
- Develop processes and better practice processes for culturally appropriate care delivery

Outcomes

- Improved capacity to deliver culturally appropriate care targeting CALD specific needs, expectations and understandings of aged care
- Improved access to information and resources on CQ, cultural competency, culturally appropriate care and CALD perspectives

Embracing cultural diversity

- What is my cultural background?
- What values are important to me?
(eg. independence? helping others? honesty?)
- **How do my values and beliefs differ from those of others? (Do I know what they are?)**
- What is my attitude towards other cultures?
(Does it depend on 'which' culture?)
- **How often do I judge or make assumptions about someone from another culture?**
- How might someone from another culture view me? Or my culture?
