# Optimising plant nutrition for growers!

## Strategies for lowering inputs and improving production

In this one-day workshop with Mark Tupman of Productive Ecology, we will cover the underlying principles and fundamentals of how to:

- Build fertile and functional soils.
- Determine the nutritional status of soils and plants.
- How to best apply nutrients to the soil and plants.
- Develop sound nutritional programs for our crops and pastures.

The day includes a practical session, making and applying nutritional amendments.

**When:** Monday 20 November, 9am to 3pm

**Where:** West Pinjarra (address provided on registration)

**RSVP:** [events@peel-harvey.org.au](mailto:events@peel-harvey.org.au) or call Megan/Amy on 6369 8800
