ARGYRANTHEMUM FEDERATION DAISY®

Federation Daisies are still recognised as the best marguerite daisies in the market. Bred by NuFlora International, they're selected for their basal branching habit that produces a compact and tidy plant.

These varieties are known for their high flower counts, repeat flowering, high disease resistance and harsh weather tolerance. Plus they only require minimal watering, making them the perfect fuss free plant that gardeners will love.

HIGHLIGHTS:

- Neat and compact to 60cm high
- Abundance of flowers that spread evenly all over the plant
- Loved for their colour impact.
- Available in single or double flowers
- Presents well in a 140mm or 200mm pot
