

RIVERSIDE
CHRISTIAN COLLEGE

RIVERSIDE PLUS

Online, Single-Subject Enrolment.

Welcome

Welcome to Riverside Christian College. The College was established on its current site in 1983. Our Distance Education service was established in 1991.

Riverside Distance Education is the oldest independent distance education provider in Queensland. Technology has progressed and this has made online learning more accessible by removing the barrier of distance and making it easier for students to connect successfully for their online education.

We offer a quality Christian education based on the values of Excellence, Teamwork, Respect, Faith and Community.

We believe there is a richness and strength in connecting students from different places, backgrounds and perspectives in a healthy online learning community. We recognise that each person is uniquely created and purposed to contribute to our community and beyond.

Our Riverside Plus program demonstrates our commitment to providing students with the avenues to achieve educational excellence, and to pursue their passions, dreams and opportunities to attain their desired career pathway.

We invite you to discover our Riverside Plus program through Riverside Christian College.

Our STORY

Established in 1983 by a small group of parents passionate about quality Christian education, Riverside Christian College has grown today into a dual campus (Prep to Year 12) of over 1500 students.

The College, through its Riverside Plus program, offers Senior students (Year 11 and 12) from other schools the opportunity to engage in single subjects online that are unavailable at their existing education provider, while remaining enrolled in their school.

This program allows education providers to work in partnership with Riverside Christian College to deliver increased opportunities and quality learning content to students.

The Riverside Plus program is appropriate for students wanting to study a subject not offered at their current school or when they want to study a subject offered at their own school but are unable to due to practical or resourcing constraints such as timetabling conflicts or class size limits. The student can access the course online, participating as part of their timetable or accessing the recorded class out of school hours.

Students thrive when they are able to access subjects they are interested in. We want to provide students with every opportunity to be lifelong learners and prepare them for independent learning in tertiary and workforce training contexts.

The College offers a wide range of subjects, including short courses, that support student pathways and assist them to achieve their goals and aspirations.

Our PURPOSE

Our Mission

To provide quality Christian education.

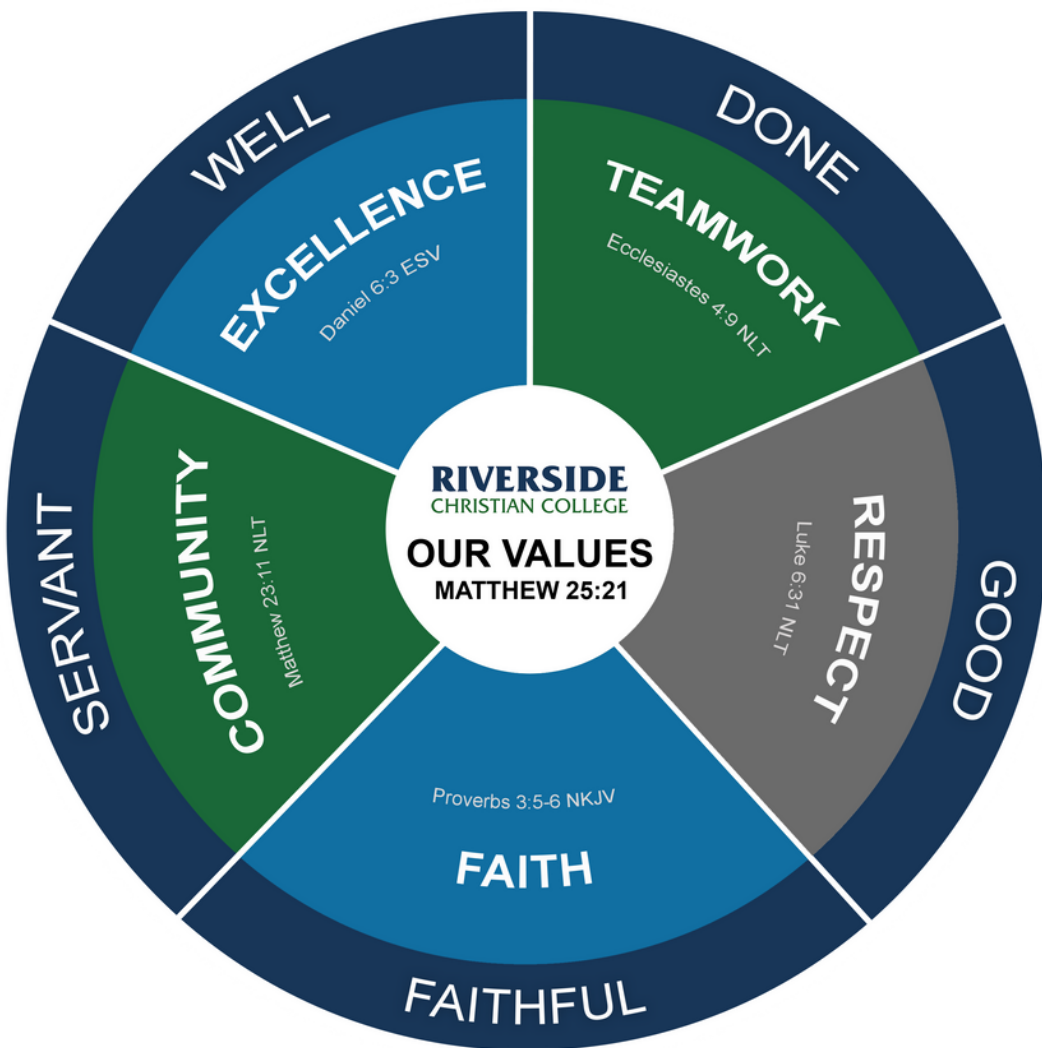

Our Vision

Riverside Christian College is committed to providing quality Christian education that develops character and empowers students to impact their community.

Our Values

Our PURPOSE

We are committed to serving our community through excellent teaching and learning practices that are grounded in grace and underpinned by our values.

How do we KNOW we are delivering a Quality Christian Education?

- We plan for, collaborate on, and deliver a Quality Christian Education that is focused on improving student outcomes.
- We measure our impact so that we KNOW we are improving learning for our students.
- We create multiple learning opportunities that are informed by data and ensure that all students have access to an equitable Education.
