(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* *means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

6 Description of the land: *[Identify the land including any certificate of title reference]*

204 Old Mount Barker Road Aldgate SA 5154

Allotment 1 Filed Plan 125859 in the area named Aldgate Hundred of Noarlunga being improved land and whole of the land in Certificate of Title Volume 5226 Folio 99

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

204 Old Mount Barker Road Aldgate SA 5154

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

jyoung@youngrealestatesa.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

Level 2, 170 Fullarton Road Dulwich SA 5065

(being *the agent's address for service under the *Land Agents Act 1994* / ~~an address nominated by the agent to you for the purpose of service of the notice~~).

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Part C - Statement with respect to required particulars

Schedule - Division 1 - Particulars of mortgages charges and prescribed encumbrances affecting the land
(section 7(1)(b))

Note -

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
 - (i) is 1 of the following items in the table:
 - (A) under the heading 1. General -
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges -
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit: www.cbs.sa.gov.au

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

REQUEST FOR INFORMATION

We refer to your request and now attach particulars and documentary material which Council must supply pursuant to the provisions of the Local Government Act and the Land and Business (Sale and Conveyancing) Act 1994.

PRESCRIBED INFORMATION***Important Information to Note*****General Advice**

The Section 7 of the Land and Business (Sales & Conveyancing) Act 1994 provides information relating to a property as prescribed by legislation. Included in the search by Council is the zoning of the land and where applicable, the more recent development consents for the property.

Intended purchasers of land are requested to refer to the relevant provisions of the Planning and Design Code and contact the Development Services team on 08 8408 0558 before doing anything on the said property, if they are proposing to, for example, construct a new dwelling, undertake alterations or additions to a dwelling, construct a tennis court or swimming pool, build retaining walls, undertake boundary realignments or land divisions.

The Planning and Design Code (the document that guides development within the Council) can be viewed online at <https://code.plan.sa.gov.au>. Information sheets relating to development applications and various land uses are also available from the Department of Planning, Transport & Infrastructure or from Council's web site at www.ahc.sa.gov.au.

Development in the Mt Lofty Ranges has more development controls and restrictions compared to other areas of the State primarily due to:

- bushfire protection
- watershed protection
- retention of native vegetation

This advice is provided for your information to promote a better understanding of the requirements for development and other obligations in the Adelaide Hills Council area.

Developments prior to 1998

Council records for developments prior to 1998 may be incomplete due to differing standards of recordkeeping applied in the various Hills Councils prior to amalgamation and formation of the Adelaide Hills Council in 1998.

Building Indemnity Insurance

This is insurance taken out by a building work contractor when performing domestic building work costing \$12,000 or more that requires Council approval. This insurance protects the current building owner and future owner if:

- work has not been completed or faulty work has not been rectified; and
- the builder dies, disappears or is declared bankrupt.

Claims can usually be made up to five years from the date the building work was completed.

PRESCRIBED INFORMATION**Particulars relating to Environment Protection****Further information held by Councils**

Does the Council hold details of any development relating to -

(a) commercial or Industrial activity at the land; or

No

(b) a change in the use of the land or part of the land (within the meaning of the Development Act 1993 or the Planning, Development and Infrastructure Act 2016)

Development Consents Attached

No

Note:- The question relates to information that the Council for the area in which the land is situated may hold. If the Council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the Council (on payment of any fee fixed by the Council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a **potentially contaminating activity** has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993 and that assessments of remediation of the land may be required at some future time.

It should be noted that-

(a) The approval of development by Council does not necessarily mean that the development has taken place;

(b) The Council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

1. The development hereby approved shall be in accordance with the plans and written submissions accompanying the application approved by Council and contained in the docket 330:263:94.
2. All new external finishes shall be of materials and colours to match those existing or at least to blend with the existing finishes to the satisfaction of Council.

DATE OF DECISION 14/7/94

.....
DELEGATE FOR CHIEF EXECUTIVE OFFICER
DATED 14/7/94

BUILDING CONDITIONS - APPLICATION NO. 330/263/94

1. In issuing this consent Council has expressly relied upon Report No. 40532 dated 8/6/94 of LELIO BIBBO PTY. LTD. supplied by you and has acted on the information contained therein to satisfy itself as to the adequacy of the footings therein recommended: Council shall not, in any way be responsible for any claims from any person arising from or out of the recommendations contained in the said report.
2. In addition to notifying Council, the Soil Engineer shall inspect and certify each stage of footing construction prior to pouring of concrete.
3. The drainage system should be completed by the finish of construction of the building (Appendix F of AS 2870.2).

Particular care should be exercised to ensure that the plumbing is installed in accordance with the requirements of AS 2870.1 & 2.

4. The owner of land or the person in charge of the building work must give the building surveyor one business days notice of commencement and completion of building work or at any other stage specified by Council as prescribed in Reg. 74 of the Development Act.
5. Materials and methods of construction must comply in all respects with the requirements of Minister's Specification SA G5.101 BCASA.G5.
6. The building work shall be protected against attack from termites in accordance with the Provisions of Australian Standard AS2057 "Code of Practice for soil treatment for protection of buildings against Subterranean Termites", or AS 1694 "PHYSICAL BARRIERS" BCAB1.3.
7. Suitable drainage, damp and weatherproofing must be provided where necessary to prevent
 - (a) moisture or damp affecting the stability of the building
 - (b) the creation of any unhealthy or dangerous condition and
 - (c) undue damage to adjoining property

A suitable system of drainage must be provided if paving, excavation or any other work on an allotment will cause undue interference with the existing drainage of rainwater falling on the allotment whether the existing drainage is natural or otherwise. BCAFl.

8. Glass used in the building shall be installed in accordance with the relevant provisions of the Australian Standard AS1288 "S.A.A. Glass Installation Code 1989". In addition to this requirement, fully toughened safety glass shall be permanently marked with the words "Safety Glass" or "Toughened Safety Glass" or other words which afford a ready means of identifying the safety characteristics of the glass. BCAB1.3.
9. Subject to compliance with the conditions as set out in the Building Surveyor's Report dated 10/7/94 (see copy attached).

DATED 14./7/94

BUILDING CONDITIONS - 330/263/94 (cont.)

10. CERTIFICATE OF OCCUPANCY

1. You are advised that before granting a certificate of occupancy Council will require a written statement from the licensed builder, who under an agreement or arrangement, with the owner of the land, was responsible for undertaking any part of the building work, that the building work has been carried out in accordance with any relevant approval and that the connections required to public authority or utility services or facilities have been in accordance with the requirements of the relevant public authority or utility. (Sec. 67) and (Reg. 83).
2. If there is no licensed builder a person holding qualifications prescribed by Part 15 of Development Act Regulations.
3. Evidence demonstrating that the said person has the prescribed qualifications.
4. A report from the said person stating the stage at which inspections were made and the date of such inspections (Sec. 67).

NOTE: The owner of land on which building work is to be performed must ensure that a copy of the technical details, particulars, plans, drawings, specifications and other documents approved by the Council are available on the site while persons are present at the site engaged in performing the building work.

NOTE: The Council is required to approve the minimum allowable footing sizes prescribed in the regulations and AS 2870.1 & 2. Such designs do not provide a guarantee against footing failures. Advice from a qualified Engineer in this is recommended.

Attention is drawn to Appendix A of AS 2870.2 "Performance Requirements and Foundation Maintenance".

WARNING: You are advised that the building site is located in a Bushfire Prone Area. Regulation Schedule 18 of the Development Act and Regulations 1993 requires the person performing the building work to perform the building work in accordance with the requirements of BCA SA G5.101.

IMPORTANT: This report does not imply compliance with the Electricity Trust of South Australia Act, 1946 as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the building to ensure compliance with the same.

OWNER: R. & K. TAGLIAFERRI
CLASSIFICATION: 1a

SITE PARAMETERS PROVIDED BY OWNER
WIND TERRAIN CATEGORY: 2.5
SHIELDING MULTIPLIER: 0.95
TOPOGRAPHIC MULTIPLIER: 1

I recommend that, under Sections 33, 39 and 42 and Regulation 15 & Schedule 5, the Council **grant provisional building rules consent** in respect of the proposed development subject to the following conditions:

1. Site plan showing the levels of the site and of the floors of the proposed building shall be submitted to and approved by Council prior to such work being commenced.

Reg 15 & Schedule 5

2. Glazing schedule showing the location, size, thickness and type of glass shall be submitted to and approved by Council prior to such work being commenced.

BCA-B1.3(i)

3. Wall bracing plans and elevations showing the type and location of all bracing for wind loads appropriate for the site shall be submitted to and approved by Council prior to such work being commenced.

BCA-B1.34

4. Installation specification for the domestic solid-fuel burning appliance shall be submitted to and approved by Council prior to such work being commenced.

BCA-G2.2(b)

NOTE

The owner of the land on which domestic building work is to be performed (i.e. building work that is to be carried out by a builder, if a builder is appointed at some later stage) must ensure that a certificate of insurance in relation to that work is lodged with the Council. (Refer to Reg 21)

WARNING: The applicant, owner and person performing the building work shall be made aware that the building site is located in a Bush Fire Prone Area. Section 45(2) of the Development Act, 1993 requires the person performing the building work to perform the building work in accordance with the requirements of BCA-Part G5

I recommend that the person proposing to undertake building work on land (or who is in charge of such work) be warned of their obligation to give the Council notice at stages prescribed in Regulation 74

I recommend that, where there is no licence builder responsible for undertaking any part of the building work under an agreement or arrangement with the owner of the land, the applicant be advised of the following;

1. The Council will, before granting a certificate of occupancy, require a written statement from a person who holds the appropriate qualifications prescribed by Part 15 that the building work has been carried out in accordance with any relevant approval and that the connections required to public authority or utility services or facilities have been made in accordance with the requirements of the relevant public authority or utility. (Sec 67 (3)(b) & Reg. 83)
2. Evidence demonstrating that the said person has the prescribed qualifications. (Sec 67(3)(a))
3. Report from the said person stating the stage at which inspections were made and the date of such inspections. (Sec 67(3)(a))

The drainage system should be completed by the finish of construction of the building. (Clause F3(a), Appendix F of AS 2870.2)

WARNING: The Council is required to approve the minimum allowable footing sizes prescribed in the regulations and AS 2870.1 & 2. Such designs do not provide a guarantee against footing failures. The owner is advised to take note of the Qualified Engineers recommendations in this matter. Particular attention should be paid to the effect of existing, proposed or removal of nearby trees on the footing design.

The owners attention should be drawn to Appendix A of AS 2870.2 'Performance Requirements and Foundation Maintenance'

IMPORTANT: This report does not imply compliance with the Electricity Trust of South Australia Act, 1946 as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the building to ensure compliance with same.

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

CERTIFICATE OF LAND TAX PAYABLE**PAYMENT REMITTANCE ADVICE****No payment is required on this Certificate**

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.

IMPORTANT NOTICE
SMOKE ALARM LEGISLATION

Legislation relating to smoke alarms came into force on the 1st day of February 1998.

- If the home you are purchasing was built on or after the 1st January 1995, then it should already have an operational mains powered smoke alarm installed. If not, it is the responsibility of the vendor to install it prior to settlement at the vendor's cost.
- If the home was built prior to 1st January 1995, but purchased by the vendor on or after 1st February 1998, then it should already have either an operational mains powered smoke alarm installed, or one powered by 10 year life, non-replaceable, non-removable permanently connected batteries. Again, it is the responsibility of the vendor to install such an alarm prior to settlement, and at the vendor's cost.
- In all other cases, the home you are buying must have at least, a battery operated smoke alarm which you are required to upgrade to mains power (or an alarm fitted with 10 year life, non-replaceable, non-removable permanently connected batteries) within six months of the date of purchase. It is recommended that at least one smoke alarm be installed on each floor of a multi storey dwelling.

The smoke alarms must be installed by a licensed electrician and must comply with the Australian Standard. A maximum penalty of \$750.00 for a breach of the legislation applies.

Besides this penalty, there is also a risk that damage caused by fire to a dwelling, which does not have a smoke alarm installed as required under the legislation, may not be covered by insurance.
